Our New Favorite Tile

Sonoma Tilemakers tiles are all handmade, so no two tiles will ever look exactly the same between their color or the finished edges. Their Dakota line is a ceramic Modern Rustic field tile that is simple and versatile. Made with recycled roofing tiles, this tile makes a statement in any space in your home. It is offered in two sizes, which vary from your traditional subway tile; 2" x 8 1/2" and 3" x 9 1/4" and are offered in 8 colors (Tundra, Cascades, Peninsula, Geyser, Abyss, Oasis, Altitude, and Bluff). Trim is made simple with a Glazed Edge offered for all sizes and colors, hanging on to the more rustic feel. Perfect for nearly any installation! Check out more of what Sonoma Tilemakers has to offer at <https://sonomatilemakers.com/>

Kitchen and bath design for a remodel or update, our design professionals can provide all the resources and information you need.

We also offer professional and designer discounts.
